Motocross lifestyle*

* Gaerne's roots on performance began in 1962 when Ernesto Gazzola invented the first sport specific boot. As we are all passionate about riding motorcycles and bicycles, creating footwear for people like us drives us to pursue making the finest footwear in the world.

Our Modern and Advanced Technologies are track proven as our Athletes have taken them to the limits.

We create for performance, build with only the best quality and design for an enduring sense of style.

A close-up, vertical view of the side of a Gaerne SG12 motorcycle boot. The boot is primarily orange with white plastic components, including the buckles and side panels. It features a large black 'G' logo on the side and a white label with 'SG12' in black text. The background is a dark, textured surface, possibly wood or stone, with a faint, dark silhouette of a motorcycle in the upper left.
